Subject: Greg Punske - Cell number (b) (6)

Maria:

As we discussed on the phone earlier today, if EPA is unable to provide comments on the Harbor Bridge FEIS by the close of the comment period, please notify FHWA in writing that your comments will be late, and request that FHWA consider your Agency's comments during FHWA's preparation of the ROD for the project.

Please do not hesitate to call me on my cell above if you need additional information.

*Gregory S. Punske, P.E.
District Engineer
FHWA - Texas Division
300 East 8th Street, Rm 826
Austin, TX 78701
